

Test Certificate

This certifies that the E722A03 Cupboard + Basic Shelf manufactured by Bisley Office Furniture and tested at FIRA International Limited, successfully satisfied the applicable strength and durability test requirements of BS 4875-7:1998 Test Level 4, and the safety requirements from BS EN 14073-2: 2004

Report references: TSCAF06931/1

The E722A03 Cupboard + Basic Shelf, according to the Standard, is therefore considered structurally suitable and sufficiently stable for general contract/office use.
